THE INFRARED EXPERIENCE REIMAGINED

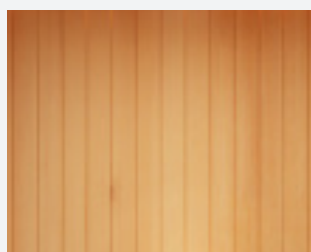

The Sense IR range integrates the advanced Dual Healthy technology, combining high-performance emitters to diffuse gentle, homogeneous and perfectly controlled heat.

Adjustable from 18 to 60°C, the infrared acts deep within the body to relax muscles, stimulate blood circulation and promote optimal recovery.

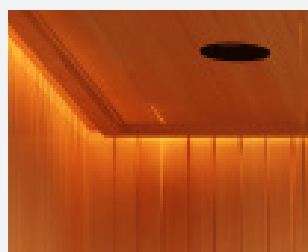

With the Sense IR collection, discover an infrared cabin that is both design-forward and ergonomic, designed to transform every session into a true wellness ritual. Its contemporary, extensively glazed aesthetic creates a sense of space and freedom, for an experience as comfortable as it is immersive.
