The art of blending seamlessly into your wellness space

A true **contemporary wellness space**, the Hestia sauna captivates with its **sleek design, harmonious integration**, and **refined finishes**. Crafted from **highly durable thermally treated wood**, it offers optimal weather resistance, excellent longevity, and a warm, natural aesthetic.

The Lounge version, featuring an **integrated outdoor terrace**, extends the experience and creates a genuine **open-air relaxation area**. Inside, the double ergonomic bench ensures **superior comfort**, enhances conviviality, and allows for a **personalized experience during every session**.

A perfect combination of design, performance, and comfort, Hestia transforms every use into a moment of escape and absolute relaxation.
